EDUCATION

- Ph.D. Anthropology Medical Anthropology and Gender Concentrations
2007 University of Arizona Chair: Mark Nichter
Dissertation: *Formative research on elder health and care in Chiapas, Mexico.*
- M.A. Anthropology Medical Anthropology
2003 University of Arizona Chair: Mark Nichter
Thesis: *Niwan chamel - The big illness - Pregnancy among Tojolabales of Chiapas, Mexico.*
- B.A. Anthropology Cultural Anthropology with Honors in Anthropology and Education
1991 Stanford University Advisor: George Collier
Thesis: *Taking one's place: A classroom study of education for indigenous teachers in Chiapas, Mexico.*
- Additional courses on medical anthropology, gender, development, qualitative research:
1997-1998 Colegio de la Frontera Sur (ECOSUR), Chiapas, Mexico
1990 Universidad Católica, Santiago, Chile

RESEARCH AREAS

Medical, sociocultural, and applied anthropology; global health; public health; health equity (gender, age, income, citizenship); social relations and determinants of health as applied in public health; social capital; household production of health; community-based participatory research; health behavior and care in Mexico; elder health and care; youth risk and prevention; gender and health; reproductive health; stratified reproduction

FELLOWSHIPS, GRANTS, HONORS

Graduate:

- | | |
|---|-------------|
| Society for Applied Anthropology Spicer Travel Award | 2007 |
| Sullivan Scholarship, School of Anthropology, University of Arizona | 2007 |
| American Association for University Women Dissertation Writing Fellowship | 2006 |
| Association for Women Faculty Travel Grant, University of Arizona | 2006 |
| Wenner-Gren Foundation for Anthropological Research Dissertation Field Work Grant | 2005 |
| Woodrow Wilson Johnson & Johnson Dissertation Grant in Women's Health | 2005 |
| National Science Foundation Graduate Research Fellowship | 2001 - 2004 |
| Tinker Summer Field Grant, Center for Latin American Studies, University of Arizona | 2004 |
| Comins Fellowship, School of Anthropology, University of Arizona | 2004 |
| Carter Interdisciplinary Fellowship Finalist Award, University of Arizona | 2001 |
| Reicker Grant, School of Anthropology, University of Arizona | 2001 |

Undergraduate:

- | | |
|---|------|
| Phi Beta Kappa | 1991 |
| Honors in Anthropology | 1991 |
| Honors in Education | 1991 |
| Firestone Medal for Outstanding Undergraduate Thesis | 1991 |
| Textor Award for Outstanding Anthropological Creativity | 1991 |

PROFESSIONAL EXPERIENCE

Boulder County Public Health (BCPH, www.bouldercounty.org/health/), Boulder, CO.

2015-present. Health Planning & Epidemiology Program Manager.

2008-2014. Health Planning Program Coordinator.

Assessment, planning, evaluation:

- Collect, analyze, and interpret primary and secondary data to assess, plan, prioritize, and monitor population and environmental health, e.g. Youth Risk Behavior Survey, program surveys, internal/external data requests.
- Research and provide technical expertise to staff and partners in health planning best practices, e.g. social determinants of health frameworks, collective impact, strategy management, logic models.
- Disseminate planning results via reports, webpages, presentations, etc., e.g. Healthy Intended Pregnancy Report, Public Health Improvement Process, Youth Risk Behavior Survey reports, Public Health Standards.
- Develop and strengthen www.BoulderCountyHealthCompass.org, the health data management and display system for local indicators of community health status and health system capacity, priority issues, best practices, etc.
- Evaluate effectiveness of staff, partner, and contractor work, e.g. review program operational plans, develop and use surveys to evaluate program work, track progress via www.BoulderCountyHealthCompass.org.
- Support community emergency planning and response, e.g. Front Range Flood, Fourmile Fire, Ebola planning.

Collaborative leadership:

- Provide updates on health planning goals, progress, and needs to agency and county leadership.
- Liaise with partners on population health and system improvement, e.g. LiveWell Longmont, Boulder County Movement for Children, Office of Planning & Partnerships, Community Foundation, hospitals, peer agencies.
- Effectively and respectfully communicate, convey information, and promote organizational learning via reports, data collection/evaluation tools, presentations, work groups, etc.
- Support diverse and vulnerable populations and promote health equity. Co-plan local Health Equity Learning Series. Review operational plans for equity opportunities. Highlight health disparities in communications.
- Engage in government, non-profit, and professional initiatives and forums regarding assessment, planning, implementation, and evaluation, e.g. National Association of City & County Health Officials, American Public Health Association, Colorado Public Health Association, Colorado Health & Assessment Planning System.
- With health planners and epidemiologist, conceptualize and propose health planning improvements.
- Model agency and professional values, including collegiality, collaboration, work ethic, integrity, and accountability, as well as Regional Institute of Health and Environmental Leadership (RIHEL) tenets.

Program planning, management, supervision, and budgeting:

- Assess, identify, and articulate internal and external health planning resources and needs to define goals and service delivery. Develop program budget. Plan for fluctuating revenues, expenses, and staff/consultant needs.
- Evaluate, monitor, and report progress on program and agency objectives and service delivery. Develop and submit program operational plan, budget, annual reports, monthly director reports, Board of Health updates.
- Coordinate, manage, and facilitate current health planning work, program improvement, and resources to support staff and partners. Effectively bridge divisions, programs, supervisory structures, and cost centers.
- Develop and monitor program budget. Secure and administer program resources. Oversee program staff purchases. Prepare and monitor contracts. Oversee grants, revenues, consultants, and contractors.
- Recruit, screen, hire, supervise, and manage staff and consultants. Coach and support staff. Conduct and contribute to performance appraisals. Address disciplinary challenges. Recognize and celebrate quality work.

Department of Anthropology, University of Colorado (www.colorado.edu/anthropology/). Boulder, CO.

2012-present. Associate Professor Adjunct.

- Facilitate exchange of insight between the Boulder County Public Health and the University of Colorado, as well as between the two fields of public health and applied anthropology.
- Identify, mentor, and partner with CU students with the opportunity to sit on students' committees and customize internship opportunities for CU students on public health projects.

- Contribute to teaching, team-teaching, and/or lecturing at CU.

Department of Family and Community Medicine, University of Arizona College of Medicine (<http://graceproject.medicine.arizona.edu/>), Tucson, AZ.

2007. Senior Research Specialist.

- Collaborated in the design of study protocols aimed at identifying, understanding, and addressing regional public health challenges.
- Conducted complex research work and independently reviewed literature to assist faculty researchers in designing and planning research projects, establishing priorities, and selecting appropriate research methodologies, techniques, procedures, process and outcome evaluation indicators.
- Developed and maintained relationships with intra- and extramural research partners.

Comitán Center for Health Research (CISC, www.cisc.org.mx), Chiapas, Mexico.

2005-2008. Research Consultant-Facilitator.

2004-2005. P.I., Aging and Health Research Project.

1995-2000. P.I., Reproductive Health Research Project.

1994-1996. Manager, Health Research Resource Center.

- Conducted formative research, i.e. engaged communities in dialogue on needs and resources; generated options via critical assessment; monitored process, outcome, and responses.
- Instructed and mentored colleagues, students, and public, individually in seminars and workshops.
- Coordinated, calendared, supervised, and evaluated team research activities.
- Explored social inequities influencing health disparities, especially among those subject to a matrix of gender, age, ethnicity, health, socioeconomic, employment-based oppression.
- Used findings to orient intervention, e.g. to curb maternal mortality and domestic violence.
- Wrote proposals and reports for funders, including Ford, MacArthur, and Packard Foundations.

El Colegio de la Frontera Sur (ECOSUR, www.ecosur.mx), via Internet.

2005-2007. Manuscript and Grants Editor for researchers based in Chiapas, Tabasco, and Quintana Roo, Mexico.

- Concretized research in writing for printed, electronic, and in-person dissemination.
- Researched relevant and viable scholarly and extra-academic publication venues.
- Formatted manuscripts to fit publication guidelines.
- Developed multiple permutations to impact diverse audiences through a variety of media.
- Translated manuscripts to be accessed by monolingual English/Spanish-speaking audiences.

University of Arizona College of Medicine (COM, <http://graceproject.medicine.arizona.edu/>), Tucson, AZ.

2000-2001. Research Assistant, GRACE (Generating Respect for All in a Climate of Academic Excellence) Project.

- Conducted interviews re gender disparities with COM tenure, clinical, research faculty.
- Documented gender disparities, identified potential causes, suggested ways to eliminate them.

Stanford University Department of Anthropology (www.stanford.edu/dept/anthropology/cgi-bin/web/), Palo Alto, CA and Chiapas, Mexico.

1990-1991, 1998. Research Assistant for Anthropologist/Latin Americanist George Collier.

- Conducted bibliographic and on-site data searches, data entry, and coding of sociodemographic and political indicators in southeast Mexico.
- See: Collier & Lowery. 2005. Basta! Land and the Zapatista Rebellion in Chiapas, Oakland: Food First.

Bar Association of San Francisco, San Francisco, CA.

1993-1994. HIV+ Immigrant and Refugee Legal Services Project Assistant.

- Staffed volunteer legal services hotline, fielding questions re deportation/health crises.

- Conducted telephone interviews with HIV+ immigrants/refugees seeking legal aid.
- Recruited and trained attorneys to do pro-bono legal advising and representation.
- Managed extensive, highly-sensitive and confidential client and volunteer databases.
- Compiled information for and drafted relevant narrative, statistical, and funding reports.

Jackson & Hertogs Immigration Law Firm, San Francisco, CA.

1992-1993. Immigration Paralegal.

- Prepared visa petitions for submission to the Immigration and Naturalization Service (INS).
- Served as interpreter between immigration attorneys and Spanish-speaking clients.

John Dewey Bilingual School, San Cristóbal, Chiapas, Mexico.

1991-1992. Bilingual English/Spanish teacher for adults and elementary students.

- Created curriculum and designed evaluations for first grade English immersion program.
- Collaborated in the school's founding and initial year of operation.
- Taught all first grade subjects in English to monolingual Spanish-speaking children.
- Developed myriad displays of students' English skills (tape recordings, public exhibitions).

Independent Researcher and Language Curriculum Developer, San Cristóbal, Chiapas, Mexico.

1989-1993.

- Developed research protocols, reviewed literature, accumulated contextualizing data, prepared for and conducted data collection, analyzed and presented results.
- Analyzed indigenous (Mayan) teachers' empowerment via formal and hidden curricula of their government-run training program. Resulting manuscript, "Taking one's place: A classroom study of education for indigenous teachers in Chiapas, Mexico" (1989-1991), was awarded the Firestone Medal for Outstanding Thesis and the Textor Award for Outstanding Anthropological Creativity (both from Stanford University).
- Linked research with education via project/manuscript entitled, "Workers speak: A study of language ability, usage, and learning among workers in San Cristóbal de Las Casas, Chiapas" (1990-1993), a culturally- and contextually-appropriate adult ESL course.

Stanford Literacy Improvement Project, Palo Alto, CA.

1988-1990. English Literacy Teacher and Curriculum Developer.

- Taught Stanford University service employees English and literacy skills.
- Improved literacy to promote employee-manager relations and strengthen job skills.
- Developed a handbook for adult English literacy instruction via participatory, relevant, respectful means.
- Author chapter centered on community resources (e.g. phone book and newspaper classified section) as tools to further literacy skills and empower learners.

P3 Archeological Associates, Salt Lake City, UT.

1989. Field Assistant, Nevada Historical Preservation Survey.

- Surveyed northern Nevada desert surface to identify and preserve archeological sites.
- Distinguished, identified, sketched, and mapped artifacts and archeological sites.

Moo Duk Kwan Tae Kwon Do Dojang, Comitán, Chiapas, Mexico.

1995-2005. Co-owner, Instructor, Administrator, World Tae Kwon Do Federation certified black belt.

- Taught sparring, forms, self-defense, "stranger-danger" courses to women, men, children.
- Organized and participated in exhibitions, tournaments, exams, workshops, and parades.
- Managed advertising campaigns, including radio, print, and television publicity.
- Promoted community action, e.g. lobbying for neighborhood infrastructure and safety.
- Managed student registration, administrative duties, accounting, and record keeping.

EDITORIAL, REVIEW POSITIONS

2012-present *Medical Anthropology Quarterly* Reviewer
2006-present *Social Science & Medicine* Reviewer
2007-2008 *Practicing Anthropology* Guest Editor
2007-2008 *Anthropology & Medicine* Reviewer

LANGUAGE SKILLS

English Native language
Spanish Fluent (speaking, reading, writing)
French Basic (speaking, reading, writing)
Chol (Mayan) Exposure (speaking)
Navajo Exposure (speaking)

EXTERNAL FUNDING CAPABILITIES

Successful grants on childbirth and maternal mortality (MacArthur and Ford Foundations); family violence (United Nations Population Fund); public health (Colorado Office of Planning and Partnerships), based on:

- Leading searches for funding sources and tracking funding opportunities
- Initiating and maintaining relationships with for profit, non-profit, and government funding sources
- Developing and submitting grant proposals
- Administering grant-funded programs, including budget management and narrative reporting
- Conducting research in accordance with funding award specifications, including IRB adherence

WORKING GROUPS, CONFERENCES, SESSIONS ORGANIZED

Glantz N. Coordinator. Health Data Dashboard Development Team. Boulder County Public Health, 2011-present.

Glantz N. Public Health Coordinator and Program Planning Committee Member. Natural Resource Distribution and Development in the 21st Century. Society for Applied Anthropology Annual Meeting, Denver, 2013.

Glantz N. Coordinator. Youth Risk Behavior Survey Planning Team. Boulder County Public Health, Boulder, 2008-present.

Glantz N. & Harmon H. Team Coordinators. Public Health Improvement Process Core Team/Steering Committee. Boulder County Public Health, Boulder, 2008-2012.

EXPERIENCE IN INTEGRATING TEACHING AND RESEARCH

Taught self-developed curricula in multicultural settings

- Guest lectured at University of Colorado Boulder
- Taught literacy and English to marginalized adults through the Stanford Literacy Project
- Taught elementary school English immersion program at the John Dewey Bilingual School, Mexico
- Instructed tae kwon do philosophy and physical skills at Moo Duk Kwan Taekwondo Dojang, Mexico

Mentored colleagues and students

- Advised University of Arizona graduate students on grant proposals, publications, and presentations
- Supervised and coordinated University of Arizona junior graduate student field work
- Served on Colegio de la Frontera Sure undergraduate thesis committees
- Mentored U.S. and Mexico colleagues in research and publication
- Coached Boulder County Public Health program coordinators on strategic and operational planning
- Developed and conducted Boulder County Public Health group training, small-group, one-on-one guidance
- Mentored under/graduate student interns in public health planning at Boulder County Public Health
- Identified and customized University of Colorado Boulder public health internship opportunities
- Coached Regional Institute for Health & Environmental Leadership fellows in leadership theory and practice

Merged education and anthropology as a formal course of study

- Integrated social science coursework with Education Honors classes and research at Stanford University
- Developed English as a Second Language curriculum at Stanford University
- Completed University of Arizona graduate-level student-led seminars to hone teaching skills

Conducted research on education and in educational settings

- Conducted two NSF-funded research projects exploring education and culture at Stanford University
- Coordinated the Boulder County Youth Risk Behavior Survey

Worked at the interface of research and education

- Bridged U.S. & Mexico academic institutions, professional societies, government and civic organizations
- Worked as researcher-scholar-activist in U.S. & Mexico
- Linked local and state public health departments with the Society for Applied Anthropology
- Reviewed manuscripts for peer-reviewed journals, e.g. *Social Science & Medicine*

Taught about the research process and findings via print and audiovisual media

- Published research methods and findings in local, national, and international journals in U.S. & Mexico
- Used radio, internet, electronic media, and newsprint to disseminate findings in U.S. & Mexico
- Participated in radio shows re violence against women for Comitán Center for Health Research, Mexico
- Developed interactive CD 'toolbox' re family violence for Comitán Center for Health Research, Mexico
- Met with local news reporters to draft press releases publicizing health care challenges in U.S. & Mexico
- Created Boulder County Public Health website content on public health planning, data, improvement

Provided on-the-ground training in formative research, participatory methods, applied anthropology

- Promoted local social science and health research capacity in U.S. & Mexico
- Publicized research in professional, academic, lay audiences in U.S. & Mexico
- Informed regional development policy for Comitán Center for Health Research, Mexico
- Developed local health education and intervention models for Comitán Center for Health Research, Mexico
- Engaged staff and community partners to assess, plan, evaluate public health initiatives in U.S. & Mexico
- Taught participatory research methods to community members in U.S. & Mexico

Taught and learned through self-reflection prompted by research

- Increased self-awareness and reflection regarding my own perspectives, values, and approaches via research
